PRESS RELEASE

Something new and attractive for elegant enjoyment of wine.

The Wine Finer Deluxe is an exciting new item for anyone who appreciates fine wines. Designer Marcus Vagnby has further improved on the popular pourer from Nuance, which is now being launched in an elegant stainless steel version.

The multifunctional Wine Finer Deluxe decants the wine as it is poured. It takes under a minute to decant a whole bottle of wine. As the wine is poured it is aerated thoroughly, while the filters ensure that sediment and any bits of cork are held back in the bottle. Drops are cut off at the edge so nothing gets spilled on the cloth. If there is any wine left in the bottle, the top supplied holds in all the wine's aromas.

The Wine Finer Deluxe guarantees successful decanting. It is also elegant to look at and easy to keep clean. An example of Danish design at its best.

Recommended retail price: \$79.99

The Wine Finer Deluxe is available from Cellarbrate from May 1.
